*Martin Robey*

**ASSOCIATED WITH  
JENSEN AND JENSEN HEALEY  
MOTOR CARS**

During April 1993 Martin Robey Group took over the entire assets of the Jensen Car Company Ltd which has placed the future of the Spares Supply for the Jensen and Jensen Healey Motor Cars with a Company that already possesses the key ingredients to re-establish the Works Parts and Service Department to its rightful position.

The very nature of the Jensen Motor Car requires that any company about to embark on manufacturing components will need a vast array of plant, equipment, expertise and skilled personnel, Martin Robey Group has these and coupled with the unrivalled knowledge and expertise of the former employees of the Jensen Company who have joined the Group, the future looks very promising both for the venture and owners alike.

*We Are*

- MANUFACTURING** parts to the original specification.
- IMPLEMENTING** Modern plant and techniques to improve quality and efficiency.
- RECONDITIONING** Major tooling to enable large body panels to be produced in the original manner.
- MANUFACTURING** New tooling to replace tooling lost over the last two decades.
- REDUCING** the cost of some parts where possible.
- OFFERING** Servicing and restoration of Jensen and Jensen Healey Motor Cars by factory trained and experienced staff.
- RE-STOCKING** hundreds of important lines to improve maintenance and servicing.
- OFFERING** a quick response to parts availability requests by using the computerised part control system.
- OFFERING** Over the counter retail and trade.
- WITH** National and international mail order.

*And To*

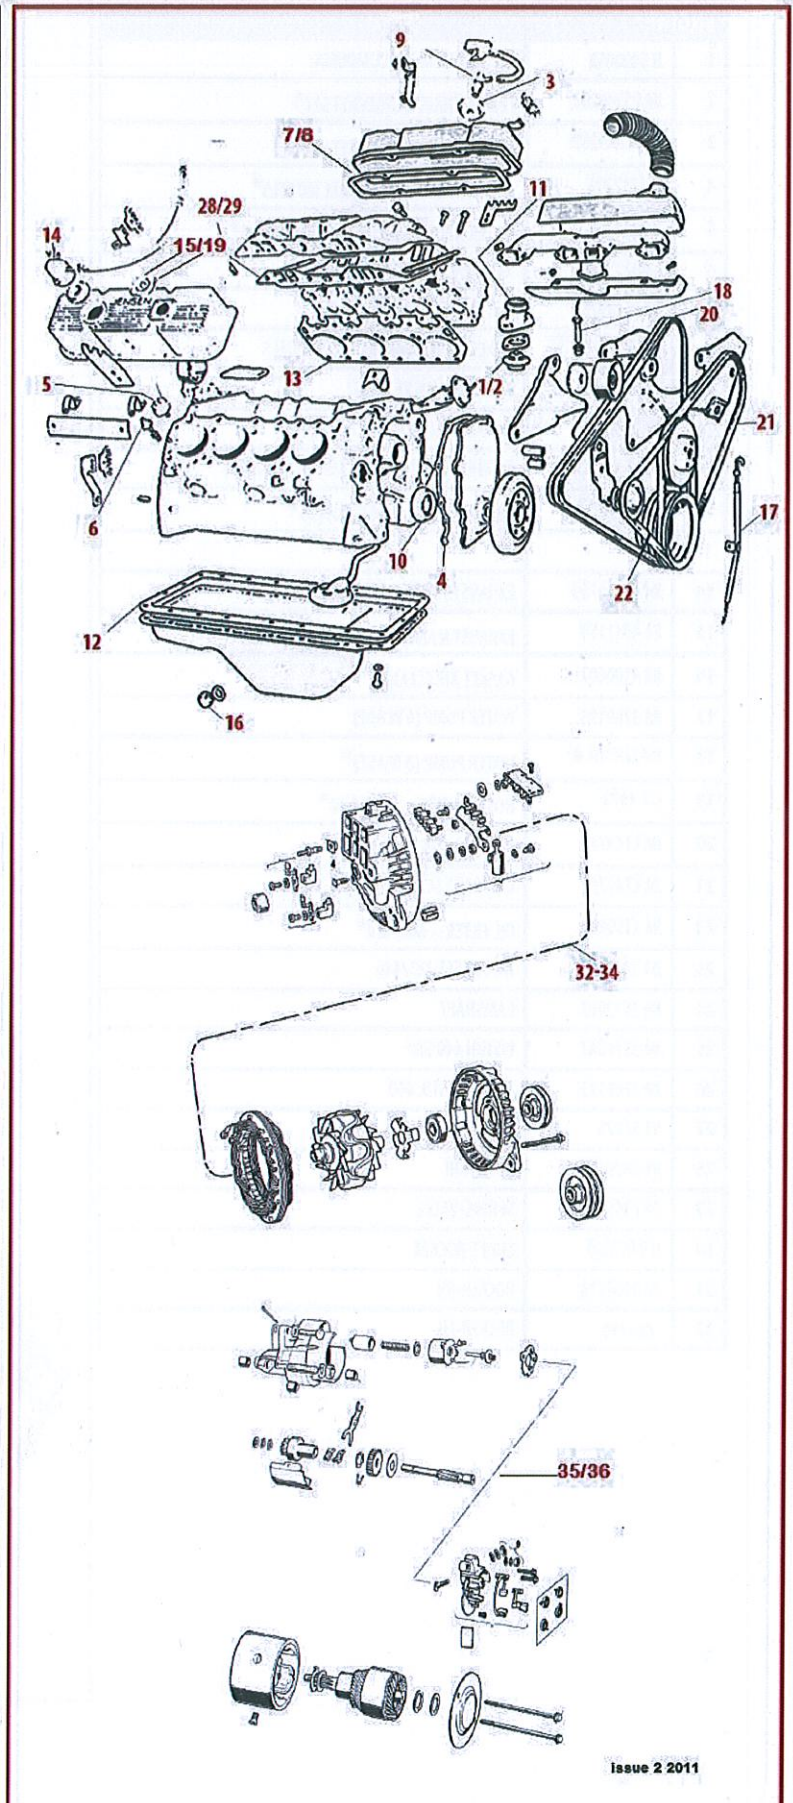

- INTRODUCE** New lines of parts.
- MANUFACTURE** Sub Assembly Units such as complete floor pan units for major restoration projects.
- SUPPLY** Complete body shells ready for the paint process.
- OFFER** enhancement programmes for both mechanical and decorative items.
- CARRY** out total restorations to the highest standard.
- PROVIDE** the highest quality of service we can.

*We Intend To Progress*
